Collins Is Easy GOP Winner For Recorder In Lone County Fight

A Republican ticket which included only one lone contest was nominated for the Bucks County vacancies in the course of an unexciting primary.

In the one contest, Philip T. Ries, of East Rockhill township, failed badly in his challenge of John A. Collins, of Falls township, for the office of Recorder of Deeds. County organization support had been given Collins because he came from the Lower End, which is the area entitled to fill the vacancy, according to party rules and precedents.

Collins' vote was 11,862 and Ries' was 5297, according to complete returns. Collins majority was 6,565.

So little interest developed in the county primary that the customary unofficial tabulation of votes for the county offices was not compiled at Doylestown.

The other Republican nominees for county office were: for Judge of Common Pleas, Judge Edwin H. Satterthwaite, of Doylestown; for Sheriff, C. LeRoy Murray, Warrington township; for District Attorney, Donald W. Vanartsdalen, of Doylestown; for prothonotary, Raymond Bleistein, of Durham township; for county controller, Howard G. Krupp, the incubent, of Chalfont; for Jury Commissioner, Sanford F. Cunningham, of Upper Southampton township.

In addition to the county ticket, the Republican voters helped nominate two candidates for judge of the Pennsylvania superior court — Judge Harold L. Ervin, of Delaware county, and Judge J. Colvin Wright, of Bedford county.

No Further Public Meetings Planned, Board Will Answer Queries

Bristol Borough School Board will take action on the recommendations of the Pennsylvania Economy League which call for building new schools in the borough and making changes in present buildings without further public meetings to explain the League's report, it was announced last night.

The board met last night at the high school, Wilson avenue, at a meeting to which representatives of local civic, service, school, and parent groups were invited. Approximately 25 borough residents attended.

Following the school board meeting the newly formed school authority met and elected Chauncey E. Stoneback, Jr., as chairman and Anthony Mandio as secretary.

Neshaminy Board Orders Use of All Rooms in District

Will Seek Approval For Additional Wing For New School

LANGHORNE, May 20 — The Neshaminy Joint school board meeting last night at the High School, Maple and Cherry streets here, authorized the administration to keep the junior and senior high school classes on full time session for the coming year even if it necessitated keeping the seventh and eighth grades in the present high school building.

It was previously thought that all junior and senior high school students would be taught at the new school, but now only the class rooms are expected to be ready for occupancy in the Fall and with an enrollment of approximately 1000 predicted for the Fall term space at the new school may not be available.

The board also authorized Dr. Heckman, school district superintendent to keep the children in the elementary schools on full time sessions by using every available room in the district suitable for instructional purposes.

The administration will contact the owners of the Langhorne Country Club, the Fire House in Penndel, Cadet Hall, Langhorne, Friends school, and the First Day rooms at the Friends meeting house to determine if the school district may use these rooms for the coming year.

"No Swimming" Order Issued By Burgess For Silver Lake

Action Results From Reports of "Polluted" Condition of Lake

The Silver Lake bathing beaches in Bristol borough today were ordered posted with "No Swimming" signs by I. J. Hetherington, burgess. Dr. Thomas S. Fannin of the borough Board of Health said that the signs will be placed without delay.

The Burgess said he was giving the "precautionary" order closing the lake to swimming on the strength of the Bristol township engineer's report regarding the "polluted" condition of the lake. The "no-swimming" ban will hold until further notice, the Burgess said.

In a report dated May 11, Township engineer W. Spencer Erwin, advised the joint township-borough committe on Silver Lake that "the lake should be closed to bathing."

Erwin's report further states that plans should be submitted to the State Department of Health indicating how tests of the water are to be made to determine the source of pollution.

Planning is also called for, in the report, toward making the lake and its environs a first class recreation area. Erwin asks for a meeting of all concerned "as soon as possible" to discuss the lake and drainage problem.

The truck, driven by Charles Fayner, Dunbar R. D. 1, was traveling east at the time. He informed Chief of Police Frank Kirby that he failed to see a barricade across the highway which temporarily makes traffic take a left turn under the railroad. He added that he thought an approaching truck was going to cross in front of him and that as he (Fayner) swerved left suddenly his load of empty gas cans shifted, and the truck overturned.

Sticker Campaign Wins G O P Burgess Nomination For Schmidt

A lively sticker campaign won the Republican nomination for Burgess of Bristol for Horace P. Schmidt in an otherwise dull primary election in Bristol Borough.

Mr. Schmidt, who is son of former Burgess Jacob C. Schmidt and who entered the race about a week ago, drew a total of 928 votes by writeins and stickers, compared with 445 for Robert Russell Orrino, who had filed for the office and therefore had his name on the printed ballot.

In piling up his lead, Mr. Schmidt carried all but two of the Borough's precincts—the Fifth ward second, where he trailed 92-7, and the Fourth ward second, where he ran 62 to 24 after 38 ballots had been thrown out on the grounds the stickers were incorrectly affixed.

His biggest majorities were in the First ward first, with 134 to 28; in the Third Ward, 181 to 27; and in the Sixth Ward first, 219 to 44.

Stickers also made their appearance in the borough-wide school board elections, and in the council-manic vacancies, where an insufficient number of Republicans had filed for the offices.

Stickers added the names of Harry James Rue and Howard Boyd to the list of Republican candidates for school board, and the name of John H. Wichser, Jr., as candidate for council in the First ward second.

Other Republican nominees for Borough office chosen yesterday included: For tax collector, Arthur Pilla, Sr., and for Justice of the Peace, Edward Lynn.

Planning Board Hears Army Engineers' Channel Report

Army Interested in Making Factual Report of Feasibility

DOYLESTOWN, May 20 — At a special meeting of the Bucks County Planning Commission on Monday, attended by the county commissioners, Joseph W. Hallowell, Thomas R. Lewis and John T. Welsh, Colonel Walter Krueger, Jr., Philadelphia District Engineer of the Corps of Engineers, U. S. Army, presented the project of widening the Delaware River from Philadelphia to Trenton.

Colonel Krueger emphasized that the Corps of Engineers was interested only in preparing a factual report on the feasibility both from the engineering and economic points of view, of a 40' channel. The report is the one that has been under discussion for some time now and recommends the dredging of a 400' channel 40 feet deep from Philadelphia to Newbold Island and 35 feet from Newbold Island to Trenton.

In answer to many detailed questions, Colonel Krueger pointed out that, while the Fairless Works would be the first beneficiary of the river-deepening, it would be of benefit to the whole Delaware River Valley.

At its April 7th meeting, the Bucks County Planning Commission sent a resolution to the county commissioners supporting the deepening of the Delaware River Channel. No action has as yet been taken by the commissioners on this matter.

Howard M. Barnes, chairman, presided. Members of the planning commission present were: Simon K. Moyer, vice-chairman, Harold N. Crooker, Robert W. Robinson and John L. Stover.

Newcomers Fail To Unseat Incumbents In Falls Twp.

FALLSINGTON, May 20 — Until 8:30 this morning, when election officials in the fire station had completed counting Upper Falls District 1 ballots cast in yesterday's primarys, a group of Republican new comers appeared to have unseated Supervisors Raymond Pope and Clifford Watson, and school director George Roberts.

The final tally of Fallsington ballots, however provided Pope, Watson and Roberts, and supervisor John Custer, with sufficient margins to win renomination.

Giving strong opposition to the incumbent officials were Martin B. Pelrson, running against Pope for a two-year term as supervisor; John F. O'Hear, rival to Watson for a six year term on the board, and John H. Hacker, who threatened the continued candidacy of Robert for school director.

Carlie Pinto challenged Custer as candidate for four-year supervisor, but had not approached the incumbent's strength.

Collins Is Easy GOP Winner For Recorder In Lone County Fight

A Republican ticket which included only one lone contest was nominated for the Bucks County vacancies in the course of an unexciting primary.

In the one contest, Philip T. Ries, of East Rockhill township, failed badly in his challenge of John A. Collins, of Falls township, for the office of Recorder of Deeds. County organization support had been given Collins because he came from the Lower End, which is the area entitled to fill the vacancy, according to party rules and precedents.

Collins' vote was 11,862 and Ries' was 5297, according to complete returns. Collins majority was 6,565.

So little interest developed in the county primary that the customary unofficial tabulation of votes for the county offices was not compiled at Doylestown.

The other Republican nominees for county office were: for Judge of Common Pleas, Judge Edwin H. Satterthwaite, of Doylestown; for Sheriff, C. LeRoy Murray, Warrington township; for District Attorney, Donald W. Vanartsdalen, of Doylestown; for prothonotary, Raymond Bleistein, of Durham township; for county controller, Howard G. Krupp, the incubent, of Chalfont; for Jury Commissioner, Sanford F. Cunningham, of Upper Southampton township.

In addition to the county ticket, the Republican voters helped nominate two candidates for judge of the Pennsylvania superior court — Judge Harold L. Ervin, of Delaware county, and Judge J. Colvin Wright, of Bedford county.

The board met last night at the high school, Wilson avenue, at a meeting to which representatives of local civic, service, school, and parent groups were invited. Approximately 25 borough residents attended.

Following the school board meeting the newly formed school authority met and elected Chauncey E. Stoneback, Jr., as chairman and Anthony Mandio as secretary.

Neshaminy Board Orders Use of All Rooms in District

Wili Seek Approval For Additional Wing For New School

LANGHORNE, May 20 — The Neshaminy Joint school board meeting last night at the High School, Maple and Cherry streets here, authorized the administration to keep the junior and senior high school classes on full time session for the coming year even if it necessitated keeping the seventh and eighth grades in the present high school building.

It was previously thought that all junior and senior high school students would be taught at the new school, but now only the class rooms are expected to be ready for occupancy in the Fall and with an enrollment of approximately 1000 predicted for the Fall term space at the new school may not be available.

The board also authorized Dr. Heckman, school district superintendent to keep the children in the elementary schools on full time sessions by using every available room in the district suitable for instructional purposes.

The administration will contact the owners of the Langhorne Country Club, the Fire House in Penndel, Cadet Hall, Langhorne, Friends school, and the First Day rooms at the Friends meeting house to determine if the school district may use these rooms for the coming year.

"No Swimming" Order Issued By Burgess For Silver Lake

Action Results From Reports of "Polluted" Condition of Lake

The Silver Lake bathing beaches in Bristol borough today were ordered posted with "No Swimming" signs by I. J. Hetherington, burgess. Dr. Thomas S. Fannin of the borough Board of Health said that the signs will be placed without delay.

The Burgess said he was giving the "precautionary" order closing the lake to swimming on the strength of the Bristol township engineer's report regarding the "polluted" condition of the lake. The "no-swimming" ban will hold until further notice, the Burgess said.

In a report dated May 11, Township engineer W. Spencer Erwin, advised the joint township-borough committe on Silver Lake that "the fake should be closed to bathing."

Erwin's report further states that plans should be submitted to the State Department of Health indicating how tests of the water are to be made to determine the source of pollution.

Planning is also called for, in the report, toward making the lake and its environs a first class recreation area. Erwin asks for a meeting of all concerned "as soon as possible" to discuss the lake and drainage problem.

FALLSINGTON, May 20—A truck was totally demolished when it overturned on the Lincoln highway at Main street, here, yesterday at 3.50 a. m. There were no injuries. The truck, driven by Charles Fayner, Dunbar R. D. 1, was traveling east at the time. He informed Chief of Police Frank Kirby that he failed to see a barricade across the highway which temporarily makes traffic take a left turn under the railroad. Sticker Campaign Wins G O P Burgess Nomination For Schmidt

A lively sticker campaign won the Republican nomination for Burgess of Bristol for Horace P. Schmidt in an otherwise dull primary election in Bristol Borough.

Mr. Schmidt, who is son of former Burgess Jacob C. Schmidt and who entered the race about a week ago, drew a total of 928 votes by writeins and stickers, compared with 445 for Robert Russell Orrino, who had filed for the office and therefore had his name on the printed ballot.

In piling up his lead, Mr. Schmidt carried all but two of the Borough's precincts—the Fifth ward second, where he trailed 92-7, and the Fourth ward second, where he ran 62 to 24 after 38 ballots had been thrown out on the grounds the stickers were incorrectly affixed.

His biggest majorities were in the First ward first, with 134 to 28; in the Third Ward, 181 to 27; and in the Sixth Ward first, 219 to 44.

Stickers also made their appearance in the borough-wide school board elections, and in the councilmanic vacancies, where an insufficient number of Republicans had filed for the offices.

Stickers added the names of Harry James Rue and Howard Boyd to the list of Republican candidates for school board, and the name of John H. Wichser, Jr., as candidate for council in the First ward second.

Other Republican nominees for Borough office chosen yesterday included: For tax collector, Arthur Pilla, Sr., and for Justice of the Peace, Edward Lynn.

The full list of Republican nominees for Borough Council follows:

First Ward — Morris B. Singer and John H. Wichesr, Jr.

In a listless election, the slated ticket of the Democratic party was nominated, headed by Anthony R. Niccol for Burgess, Joseph A. Ferry for tax collector, and John J. Gallagher for Justice of the Peace.

Sixty-five members of the Bucks County Fire Chiefs' Association met at Consolidated Fire Department, Pond and Mulberry streets, Monday night, to discuss a proposed charter for the Association. Chief Clifford Hagerman welcomed the group to Bristol.

A committee composed of Chiefs C. A. Russell, of Trevose Heights, Wesley Trauger, Perkasie, and County Fire Marshal Robert Graham, Chalfont, were appointed to secure information about such a charter.

The question of a county-wide radio set-up, discussed at last month's meeting, was again brought up with the investigating committee promising to have a full report at the June meeting.

The committee for the county fire school reported on the offer of a site for the school near Doylestown but will continue to look for a site in Lower Bucks County with a full report expected at the June meeting. No serious fires were reported for last month.

Planning Board Hears Army Engineers' Channel Report

Army Interested in Making Factual Report of Feasibility

DOYLESTOWN, May 20 — At a special meeting of the Bucks County Planning Commission on Monday, attended by the county commissioners, Joseph W. Hallowell, Thomas R. Lewis and John T. Welsh, Colonel Walter Krueger, Jr., Philadelphia District Engineer of the Corps of Engineers, U. S. Army, presented the project of widening the Delaware River from Philadelphia to Trenton.

Colonel Krueger emphasized that the Corps of Engineers was interested only in preparing a factual report on the feasibility both from the engineering and economic points of view, of a 40' channel. The report is the one that has been under discussion for some time now and recommends the dredging of a 400' channel 40 feet deep from Philadelphia to Newbold Island and 35 feet from Newbold Island to Trenton.

In answer to many detailed questions, Colonel Krueger pointed out that, while the Fairless Works would be the first beneficiary of the river-deepening, it would be of benefit to the whole Delaware River Valley.

At its April 7th meeting, the Bucks County Planning Commission sent a resolution to the county commissioners supporting the deepening of the Delaware River Channel. No action has as yet been taken by the commissioners on this matter.

Howard M. Barnes, chairman, presided. Members of the planning commission present were: Simon K. Moyer, vice-chairman, Harold N. Crooker, Robert W. Robinson and John L. Stover.

Newcomers Fail To Unseat Incumbents In Falls Twp.

FALLSINGTON, May 20 — Until 8:30 this morning, when election officials in the fire station had completed counting Upper Falls District 1 ballots cast in yesterday's primarys, a group of Republican new comers appeared to have unseated Supervisors Raymond Pope and Clifford Watson, and school director George Roberts.

The final tally of Fallsington ballots, however provided Pope, Watson and Roberts, and supervisor John Custer, with sufficient margins to win renomination.

Giving strong opposition to the incumbent officials were Martin B. Peirson, running against Pope for a two-year term as supervisor; John F. O'Hear, rival to Watson for a six year term on the board, and John H. Hacker, who threatened the continued candidacy of Robert for school director.

Carlie Pinto challenged Custer as candidate for four-year supervisor, but had not approached the incumbent's strength.

PITY THE GAG MEN

These are trying days for gag men, individuals responsible for the comedy which goes into radio shows, into the movies and on the stage. Such comedians now engage the services of sizeable staffs, whose sole job is to provide them with laughs. It has developed into a tough racket, and the blame is placed on the nature of the times, which makes for seriousness rather than levity.

Furthermore, according to one man prominent in the field, it is no longer possible to guess what people will laugh at in these days of national concern. Much of the old stuff is out. Mother-in-law jokes, wife and husband controversy, formerly good for laughs, are no longer sure-fire.

Quips with a political background are offensive to the friends of those who are being ridiculed. "We are getting ulcers from worry over the job," this spokesman complains.

He seems to have a point there. Most of the jokes heard and seen over TV could only have been produced by gag men with ulcers.

The public now demands split-second jokes and grows impatient if much time is consumed in building up a situation. But in spite of all these handicaps, comedy still is popular, on the air and on the screen. There is no proof the American public is losing its sense of humor. But Americans no longer laugh at some of the corny jokes that formerly promoted hilarity.

THE LAST FLING

Passing years weigh heavily on men who have made their marks in fields where courage, skill and fast decisions count. Loath to believe these powers are on the wane, though others may, there comes to the individual a temptation to prove it just isn't so.

That accounts for the furor inspired by "the Mad Major", 61-year-old ace in World War I, who terrified thousands in London by flying a small silver monoplane under 15 bridges that span the Thames.

The admonition of the song that "London Bridge Is Falling Down" had no concern even in multiples of 15 for Major Christopher Draper, who won his appellation in the war by flying low above enemy trenches and deliberately picking off foes with a pistol. Nobody else ever made such a record. He proved beyond dispute his daring and the coordination of hand and eye in what he says is to be his last flight.

It cost the Mad Major months of scrimping, he says, to raise the $14 to rent the plane. If he is fined, well, he can go to jail a while for lack of payment. But it is a good bet that hero worship has not fallen upon such barren days that he will be permitted to languish behind bars.

PITY THE GAG MEN

These are trying days for gag men, individuals responsible for the comedy which goes into radio shows, into the movies and on the stage. Such comedians now engage the services of sizeable staffs, whose sole job is to provide them with laughs. It has developed into a tough racket, and the blame is placed on the nature of the times, which makes for seriousness rather than levity.

Furthermore, according to one man prominent in the field, it is no longer possible to guess what people will laugh at in these days of national concern. Much of the old stuff is out. Mother-in-law jokes, wife and husband controversy, formerly good for laughs, are no longer sure-fire.

Quips with a political background are offensive to the friends of those who are being ridiculed. "We are getting ulcers from worry over the job," this spokesman complains.

He seems to have a point there. Most of the jokes heard and seen over TV could only have been produced by gag men with ulcers.

The public now demands split-second jokes and grows impatient if much time is consumed in building up a situation. But in spite of all these handicaps, comedy still is popular, on the air and on the screen. There is no proof the American public is losing its sense of humor. But Americans no longer laugh at some of the corny jokes that formerly promoted hilarity.

THE LAST FLING

Passing years weigh heavily on men who have made their marks in fields where courage, skill and fast decisions count. Loath to believe these powers are on the wane, though others may, there comes to the individual a temptation to prove it just isn't so.

That accounts for the furor inspired by "the Mad Major", 61-year-old ace in World War I, who terrified thousands in London by flying a small silver monoplane under 15 bridges that span the Thames.

The admonition of the song that "London Bridge Is Falling Down" had no concern even in multiples of 15 for Major Christopher Draper, who won his appellation in the war by flying low above enemy trenches and deliberately picking off foes with a pistol. Nobody else ever made such a record. He proved beyond dispute his daring and the coordination of hand and eye in what he says is to be his last flight.

It cost the Mad Major months of scrimping, he says, to raise the $14 to rent the plane. If he is fined, well, he can go to jail a while for lack of payment. But it is a good bet that hero worship has not fallen upon such barren days that he will be permitted to languish behind bars.

by the Economy League and the board's position was outlined by President Lewis when he said:

vised that if it is necessary for any pupils in the joint district to be put on half sessions these sessions should be confined to grades one and two in the school district.

Dr. Heckman said it was the hope of both the board and the administration to keep all children on full sessions next year.

The new high school wing would be roughly equal in size to a 10-room wing of the school now under construction.

The board adopted a school calendar for the coming year. Board president Paul spoke of the proposed vocational school for lower Bucks county. CERTAINLY, the Hudson Hornet is a lovely car to look at—gorgeous inside and out. And its beauty is more than skin deep.

This rugged performer holds the stock-car championship in all three major racing associations—and a touch of your toe to the gas pedal will tell you *why!*

The Hornet's dazzling performance comes from Hudson's sturdy, long-lasting, high-compression engine; and from the fact that it has the lowest center of gravity among American cars—because of exclusive "step-down" design. Why don't you visit us and try a Hudson Hornet?

"No Swimming" Order

Continued from Page One

free life-guard and rescue service to bathers at the beach meet tonight in a special "emergency" meeting at the Municipal building, Pond and Mulberry streets, at 8 p. m., to discuss the lake problem.

Yesterday, also, in an action paralleling that taken by the Bristol township nearly a month ago in having water tests of the lake, Nicholas Eberle, president of Tullytown borough council announced that he was authorizing, this week, an analysis of Martin's Creek water to determine whether it was fit for swimming. Eberle said children swim in the lake in the summertime.

Bristol township's Board of Health view was expressed by Dr. Samuel Katz, who yesterday stated that the township board had not yet reached a decision to post the section of Silver Lake lying within the township but was waiting for word from the State Department of Health which is reported to be making tests of the lake.

Today's decision to post the lake with "no swimming" signs comes after local business, civic, professional and government leaders have expressed concern that the waters might not be fit to swim in this year.

Burgess Hetherington has claimed that the storm drainage waters entering the lake from new developments would "bring a lot of surface refuse into Silver lake." O. E. Norbeck, executive secretary of the Lower Bucks County YMCA, and others interested in the safety and welfare of area children have pointed out the possible dangers of swimming in the lake if it were contaminated.

The entire drainage area of Mill Creek, Queen Anne Creek, Martin's Creek and Silver lake has been under study by area officials. The Silver Lake problem is only a phase of the entire picture.

All bridges between Silver lake and Levittown have been found to be too small to allow passage of the increasing amounts of water running off roots and paved streets of new developments in Falls and upper Bristol townships. As a result water is backing up at the bridges and flooding lowlands.

Several weeks ago State Senator Edward B. Watson and District Engineer E. J. Kinney of the State Highway Department toured the flood-affected area with officials of Bristol township, Bristol borough and Tullytown borough to determine what might be done to alleviate the flood condition.

Since that meeting, the State Highway Department has accepted bids for a new four-lane bridge over Mill Creek at Edgely avenue.

Yesterday Ernest Harvey, chief clerk of the Bucks County Commissioners, said that the County Board of Commissioners have not yet come to a decision about replacing the Magnolia avenue bridge. Harvey said that the county had made an inspection of the bridge and the general feeling was that the county would have to replace that bridge. Harvey said he expected that the county would make the necessary changes at the Magnolia avenue bridge next spring.

Township Engineer William S. Erwin said that reports of the flood-threat situation have been sent out to all members of the borough-township committee which is working on the drainage problem.

Erwin said he hoped a meeting would be called "soon" of the committee to take some action on the drainage problem.

Hearing Date Set For Tryon Zoning Request

The date for a hearing on the request of Miss V. D. Tryon for a change in zoning from residential to commercial of a tract of approximately 2000 foot frontage on Route 13 just west of the Bristol Cemetery at the intersection of Rogers road and Route 13 has been set tentatively as Wednesday, June 3 by Bristol Township Commissioners.

The tract of ground has a frontage on Newport road as well as on Route 13.

The Commissioners meeting at Edgely Fire Co. hall Wednesday night heard Commissioner Oscar Booz report on complaints received about the odor from the sewerage plant at Edgely. He reported he had received complaints about fires at the dump.

Eugene Stutz, road Commissioner, asked those with complaints about township roads to advise him and he will check into the matter to see what can be done about repairs.

The dog officer reported 12 complaints; one dog killed; six prosecutions; 47 dogs disposed of. Receipts of the plumbing clerk were $63; building and zoning officer, $511.15; Justice of the Peace Rene J. Tritschler $692. Max Lawrence, justice of the peace, fines, $60.

Receipts reported included $996.92 from the Commonwealth of Pennsylvania for "foreign" fire insurance percentage; two police scholarships of $100 each were received.

A resolution was adopted to complete the application for $2400 of "matching funds" for state-aid for roads. Bills were ordered paid. Treasurer's reports showed a balance on hand in the General Fund of $34,792.42.

In Memoriam 3

DOAN — In loving memory of our darling baby Sherry Louise on her birthday May 20th.
We are thinking of you always,
Dreaming of days that have passed,
Picturing you in memory,
Just as we saw you last,
We do not need a special day,
To bring you to our minds,
The days we do not think of you
Are very hard to find.
If all the world were ours,
We'd give it, yes and more,
To see her little face,
And hold her, just once more.

"No Swimming" Order

Continued from Page One

free life-guard and rescue service to bathers at the beach meet tonight in a special "emergency" meeting at the Municipal building, Pond and Mulberry streets, at 8 p. m., to discuss the lake problem.

Yesterday, also, in an action paralleling that taken by the Bristol township nearly a month ago in having water tests of the lake, Nicholas Eberle, president of Tullytown borough council announced that he was authorizing, this week, an analysis of Martin's Creek water to determine whether it was fit for swimming. Eberle said children swim in the lake in the summertime.

Bristol township's Board of Health view was expressed by Dr. Samuel Katz, who yesterday stated that the township board had not yet reached a decision to post the section of Silver Lake lying within the township but was waiting for word from the State Department of Health which is reported to be making tests of the lake.

Today's decision to post the lake with "no swimming" signs comes after local business, civic, professional and government leaders have expressed concern that the waters might not be fit to swim in this year.

Burgess Hetherington has claimed that the storm drainage waters entering the lake from new developments would "bring a lot of surface refuse into Silver lake." O. E. Norbeck, executive secretary of the Lower Bucks County YMCA, and others interested in the safety and welfare of area children have pointed out the possible dangers of swimming in the lake if it were contaminated.

The entire drainage area of Mill Creek, Queen Anne Creek, Martin's Creek and Silver lake has been under study by area officials. The Silver Lake problem is only a phase of the entire picture.

All bridges between Silver lake and Levittown have been found to be too small to allow passage of the increasing amounts of water running off roots and paved streets of new developments in Falls and upper Bristol townships. As a result water is backing up at the bridges and flooding lowlands.

Several weeks ago State Senator Edward B. Watson and District Engineer E. J. Kinney of the State Highway Department toured the flood-affected area with officials of Bristol township, Bristol borough and Tullytown borough to determine what might be done to alleviate the flood condition.

Since that meeting, the State Highway Department has accepted bids for a new four-lane bridge over Mill Creek at Edgely avenue.

Yesterday Ernest Harvey, chief clerk of the Bucks County Commissioners, said that the County Board of Commissioners have not yet come to a decision about replacing the Magnolia avenue bridge. Harvey said that the county had made an inspection of the bridge and the general feeling was that the county would have to replace that bridge. Harvey said he expected that the county would make the necessary changes at the Magnolia avenue bridge next spring.

Township Engineer William S. Erwin said that reports of the flood-threat situation have been sent out to all members of the borough-township committee which is working on the drainage problem.

Erwin said he hoped a meeting would be called "soon" of the committee to take some action on the drainage problem.

Hearing Date Set For Tryon Zoning Request

The date for a hearing on the request of Miss V. D. Tryon for a change in zoning from residential to commercial of a tract of approximately 2000 foot frontage on Route 13 just west of the Bristol Cemetery at the intersection of Rogers road and Route 13 has been set tentatively as Wednesday, June 3 by Bristol Township Commissioners.

The tract of ground has a frontage on Newport road as well as on Route 13.

The Commissioners meeting at Edgely Fire Co. hall Wednesday night heard Commissioner Oscar Booz report on complaints received about the odor from the sewerage plant at Edgely. He reported he had received complaints about fires at the dump.

Eugene Stutz, road Commissioner, asked those with complaints about township roads to advise him and he will check into the matter to see what can be done about repairs.

The dog officer reported 12 complaints; one dog killed; six prosecutions; 47 dogs disposed of. Receipts of the plumbing clerk were $63; building and zoning officer, $511.15; Justice of the Peace Rene J. Tritschler $692. Max Lawrence, justice of the peace, fines, $60.

Receipts reported included $996.92 from the Commonwealth of Pennsylvania for "foreign" fire insurance percentage; two police scholarships of $100 each were received.

A resolution was adopted to complete the application for $2400 of "matching funds" for state-aid for roads. Bills were ordered paid. Treasurer's reports showed a balance on hand in the General Fund of $34,792.42.

DOAN — In loving memory of our darling baby Sherry Louise on her birthday May 20th.
We are thinking of you always,
Dreaming of days that have passed,
Picturing you in memory,
Just as we saw you last,
We do not need a special day,
To bring you to our minds,
The days we do not think of you
Are very hard to find.
If all the world were ours,
We'd give it, yes and more,
To see her little face,
And hold her, just once more.

THOUGHTS FROM THE
84th PSALM
Praising God

It has been said that the greatest antidote to anxiety is thanksgiving. Were men to think each day for a few minutes of the many blessings with which God has endowed everyone of us, we would be able to see that these outnumber by far the things which disturb us.

The people who dwell in God's House are mindful of the many things God has prepared for them who seek the spiritual blessings. But they do not find these joys alone in the fact of forgiven sin, of the gift of eternal life, and the hopes for the coming of His Kingdom. These are, of course, the important things. God's children also find evidences of His goodness in the commonplace.

"Does not Heaven begin that day,
When the eager heart can say,
'Surely God is in this place
I have seen Him face to face
In the loveliness of flowers,
In the service of the showers,
And His voice has talked to me
In the sun-lit apple tree'?"

Someone has said, "If a man is too busy to find time to be with God, he is busier than God wants him to be." Take time today to thank God for His blessings to you.

Little League 'Booster Day' Will Be Held on Saturday

LEVITTOWN, May 20 — Saturday will be "booster day" for the Levittown Little League baseball teams, a prelude to the opening of the season on Memorial Day.

The "boosters", an adult organization formed to aid the summer program, especially to help the "farm" teams of the already-sponsored league teams, will use all funds to help promote a well-rounded program.

On Saturday the Little Leaguers, in uniform, will make a door-to-door solicitation, offering booster memberships and giving to donors membership cards and decals.

Allen Case is chairman of the Little League "booster day" committee. He is aided by the team managers, Dan Pettaro, Walter Weiderman, Joe Giambello and Joe Averson.

Plan Aquatic Program For Pool Opening May 30

LEVITTOWN, May 20—Elaborate plans are being made for the opening of the first swimming pool in Levittown on May 30th.

Features will include a water ballet by the Aquabelles, a group that has won top-billing at water shows throughout this area; a diving exhibition by Dwight Hutchinson, Eastern States inter-scholastic diving champion; a clown act by the Aqua-Twins, Dick and Jay Alexander, former state swimming champions and members of the Levittown pool life-guard staff.

A water safety and life-saving exhibition will be staged under the direction of the Southeastern Chapter, American Red Cross.

A series of Articles Introducing the New Residents of Levittown to The Community.

(By Staff Reporter)

When David W. Noble, of 51 Tanglewood lane, was stationed at Fort Lee, Va., for his second tour of duty with the Army, he and his wife, Helen, became interested in Indian lore and dug up hundreds of arrow heads and relics in the James river at Hopewell, Va.

An Army couple from California interested the Nobles in prospecting for the arrow heads. They put on hip boots and waded into the river, sifting its sand bottom through a large screen at a site where fishermen said they had thrown away several arrow heads.

Mr. and Mrs. Noble gathered a large collection of war and hunting arrow heads from the James river, and found pieces of Indian and colonial pottery. The river also yielded a large stone hand axe. He unconsciously dug up a hydescraper while kicking the ground with his foot in the Army base.

When he was released from service, the Nobles went to Bloomsburg, and found several arrow heads of the Shawnee Indians at Harveys Lake. They did a little prospecting at Plymouth, their former home, but so far have found nothing there.

Last October the Nobles returned to Hopewell for a vacation, and increased their arrow head collection. They have mounted their prize specimens on placards.

The Nobles' four-year-old daughter, Rebecca, used to help them search the James River bed. They have another daughter, Patricia, 1½, who was born at Fort Lee.

Mr. Noble served 14 months in the occupation of Korea at the close of World War II., and then was recalled as a reservist after being released. He attained the rank of sergeant.

Between his tours of Army duty, Mr. Noble studied at Dickenson College. He now works at the Fairless Steel Works as an inspector in in the tin mill laboratory.

The boat "Annie Jane" was wrecked off Scotland, 348 lost, Sept. 29, 1853.

THOUGHTS FROM THE
84th PSALM
Praising God

It has been said that the greatest antidote to anxiety is thanksgiving. Were men to think each day for a few minutes of the many blessings with which God has endowed everyone of us, we would be able to see that these outnumber by far the things which disturb us.

The people who dwell in God's House are mindful of the many things God has prepared for them who seek the spiritual blessings. But they do not find these joys alone in the fact of forgiven sin, of the gift of eternal life, and the hopes for the coming of His Kingdom. These are, of course, the important things. God's children also find evidences of His goodness in the commonplace.

"Does not Heaven begin that day,
When the eager heart can say,
'Surely God is in this place
I have seen Him face to face
In the loveliness of flowers,
In the service of the showers,
And His voice has talked to me
In the sun-lit apple tree'?"

Someone has said, "If a man is too busy to find time to be with God, he is busier than God wants him to be." Take time today to thank God for His blessings to you.

Kaiser Metal Wins From St. Ann's, 4-3; Faces Good Pitcher

It is seldom that a pitcher fans 16 batters in a 7-inning game and yet loses. But that happened in the Little-Bigger League last evening on Memorial field as Kaiser Metal won its second game by beating St. Ann's A. A., 4-3.

Henry Schurr, the St. Ann's hurler, set down 16 Kaiser batters on strikes but had one bad frame, the fifth, in which two walks, a fielder's choice, a hit batsman and a single by Teddy Kowal produced four runs. Schurr fanned the side in the third, sixth, and seventh innings.

Charlie Fischer, the winning moudsman, had 9 strikeouts.

Kaiser Metal Wins From St. Ann's, 4-3; Faces Good Pitcher

It is seldom that a pitcher fans 16 batters in a 7-inning game and yet loses. But that happened in the Little-Bigger League last evening on Memorial field as Kaiser Metal won its second game by beating St. Ann's A. A., 4-3.

Henry Schurr, the St. Ann's hurler, set down 16 Kaiser batters on strikes but had one bad frame, the fifth, in which two walks, a fielder's choice, a hit batsman and a single by Teddy Kowal produced four runs. Schurr fanned the side in the third, sixth, and seventh innings.

Charlie Fischer, the winning moudsman, had 9 strikeouts.

Another Grand Prix for Kaiser Beauty!

CANNES, FRANCE, April 25... Kaiser has once again won a Grand Prix for styling at the fashionable Concours d'Elegance of Cannes—the third Grand Prix in four years at Cannes for Kaiser... and the eighth in international competition!

No other car is so honored for beauty...or so blessed with *safety!* For Kaiser's low, airy look denotes the lowest center of gravity and greatest visibility of any standard American sedan. The rakish slant of its corner-posts eliminates "blind spots". The curving slope of its hood lets you see *both* front fenders, and the road ahead.

Its dramatic Vinyl-cushioned instrument panel is completely safety-padded, with the instruments recessed. And its beautifully curved windshield is designed to push *outward* on impact—another life-saving Kaiser exclusive!

The Kaiser *looks* right because it is *engineered* right—to give you the finest performance and the *best value* you can buy. Drive a Kaiser, and see!

See it at your Kaiser-Frazer dealer's today
